

Human Trafficking Empowerment Training for Parents

*“All trafficking begins with **deception**.
The best way to **prevent** someone from becoming a **victim**
is to teach them to instantly **recognize deception**
when it happens **face-to-face and online**”*

While the information presented doesn't shy away from tough facts, **the purpose is not to frighten but to empower.** Empowerment is being able to recognize when a child is making choices that makes them attractive to traffickers (predators) and helping them to be aware of the “Red Flags of Detection™”.

Tuesday, March 22, 2016
McAuliffe Middle School Cafeteria
